Determine the type of project...	
Research	Investigation or experimentation aimed at the discovery of new knowledge or that builds upon existing knowledge. The creation of new knowledge and/or the use of existing knowledge in a new and creative way resulting in new concepts, methodologies and understandings.
Instruction	The dissemination of knowledge or information through teaching and non-research training activities. These activities include developing or compiling course and curriculum materials/programs.
Other Sponsored Activities	Disseminate known knowledge or processes. Service performed for the benefit of the public. A program that geographically extends the resources of the institution to entities or persons otherwise unable to take advantage of such resources.

NOTE: A reduced 10% F&A rate applies to certain projects at NCSU Centers or Institutes and Consortia with an industrial membership component. See SPARCS [Centers + Institutes](#) page for more information.
